WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

- Square 280 x 280; cut each corner square to the arm: 72 long face
- Corner faces lie 162 from the centre, measured along the diagonal
- Per corner four 4.3 holes for the hinge block: on the diagonal, 131 and 144 out, 15 either side
- Four 3.3 holes for the spacers, 130 from the centre on the X and Y axes
- 30 hole at the centre for the pack leads and mast cable
- Route with a diamond or carbide cutter; wear a dust mask; seal the edges with thin epoxy
- Check: lies flat on the bottom plate with every hole in line

Top hub plate: making sketch
