RIGHT VIEW

Scale 1:2; looking at the right side (along -X)

WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

- Block 20 x 80 x 55 with a 121 round seat for the 120 float; 80 wide stays inside the 88 payload neck
- Two M4 heat-set inserts in the top face, 60 apart
- Print seat up, four walls; no supports needed
- Make two; check the float sits in both without rocking
